Do I need a DBS or Access NI check?

Ramya Sehmi - 2026-06-27 - [Comments \(0\)](#) - [Encyclopedia of screening terms](#)

It depends on where the role is based. If the role is in England or Wales, you need a DBS check. If it's in Northern Ireland, you need Access NI. If it's in Scotland, you need Disclosure Scotland. Some UK-wide employers require all three.
