## How do I register for the DBS Update Service?

Ramya Sehmi - 2026-06-11 - [Comments \(0\)](#) - [Encyclopedia of screening terms](#)

You must register within 30 days of the date on your DBS certificate. Visit the DBS Update Service on gov.uk, enter your certificate number, and set up your subscription at £16 per year. Once registered, employers can check your certificate status at any time. Eurocom CI's automated DBS Update Service takes this further by running daily checks in the background, instantly alerting you to any changes, logging every check for a full auditable compliance trail, and removing the risk of human error entirely. Trusted by organisations across healthcare, education, and financial services
