I have had my DBS check done a long time ago, can I still use it?

Jagriti Patwari - 2025-08-15 - Comments (0) - Individual DBS Check Orders

Please be advised, there is no official expiry date for a DBS Check. Each DBS certificate issued will only state the date it was issued and any information included will be accurate at the time the check was carried out. It is entirely at the discretion of your employer to decide when a new DBS check is needed.
