Why must Eurocom CI LTD speak to my employer before I get a DBS check?

Jagrati Patwari - 2025-04-05 - Comments (0) - Individual DBS Check Orders

Please be advised, it's important to go through the DBS process with your employer and ensure that they understand the DBS eligibility and ID verification guidelines before we set the check up on the system.

In addition to the above we must confirm the candidates position and Job role to ensure that the right level of check has been applied for and to guard against delays from the DBS.
